25 Years of Excellence

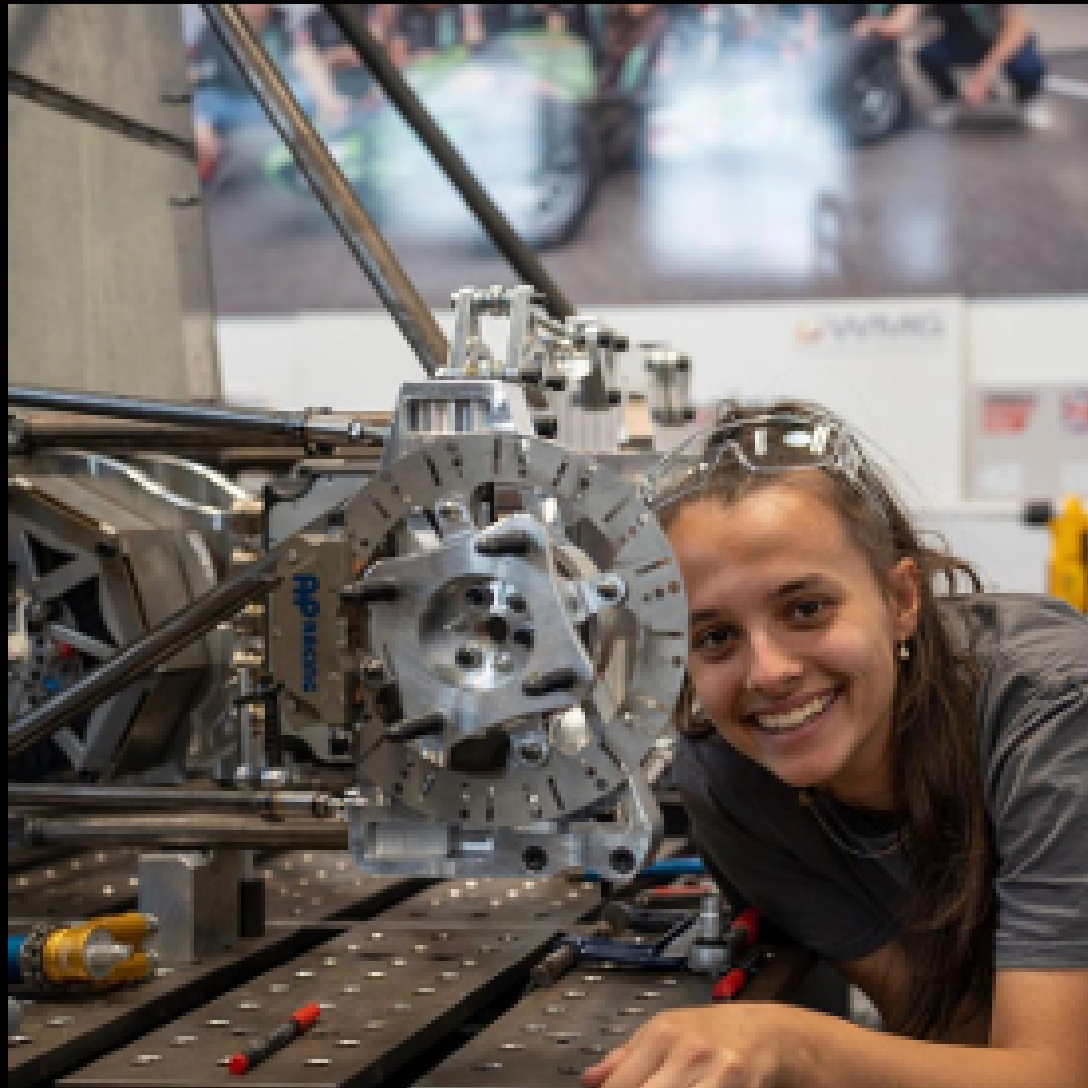

Here, at Warwick Racing, we are a university-based, cross disciplinary team who operate as a small-scale company. Our team is home to over **100 students hailing from a wide-array of subjects**: from STEM and Humanities to the Creative Industries.

Since **2001**, students have been working in-tandem to ensure the **research, development and construction** of a competitive car and to oversee the growth and outreach of Warwick Racing as a brand.

Warwick Racing focuses on the development of three different classes; **electric vehicle, autonomous vehicle,** and **concept class**. Recently, our team has been focused on educating both its members and the wider public through launching events such as **Formula Student Africa** and hosting lecture series.

Unleashing Potential

Our Values

We are DIVERSE

- 15+ degrees studied
- From 25 different countries
- 30% Female

We are EDUCATORS

- Hosting multiple events: Open Day fair, lecture series and partaking in conferences.
- 1st working electric & autonomous vehicle
- WMG partnerships give our students exposure to world-class research

We are INNOVATORS

- 1st Formula Student ADS entry
- 1st working electric & autonomous vehicle

Spreading the Word

Vehicle Launch

- Launched WRe1 - 4 successfully with over 100 attendees
- WRe5 launch coming soon!

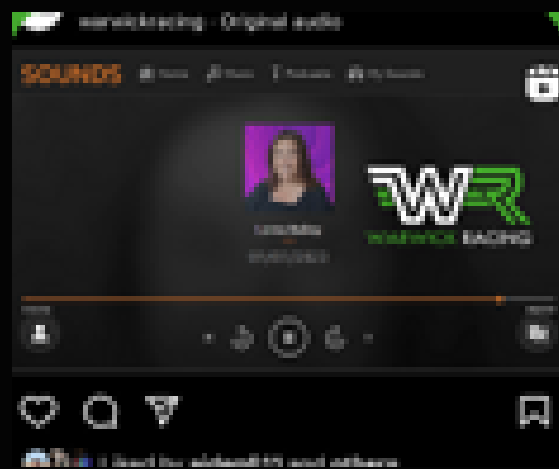

Guest Visits

- Welcomed Rishi Sunak, Boris Johnson and Kier Starmer, along with many other special guests

Campus Outreach

- Organised numerous seminars
- Hosted 3 scientific conferences
- Welcomed school students for engineering outreach days

Media

- Featured on BBC CWR
- Over 25,000 views on Youtube
- Social Media content reaching over 1000 students

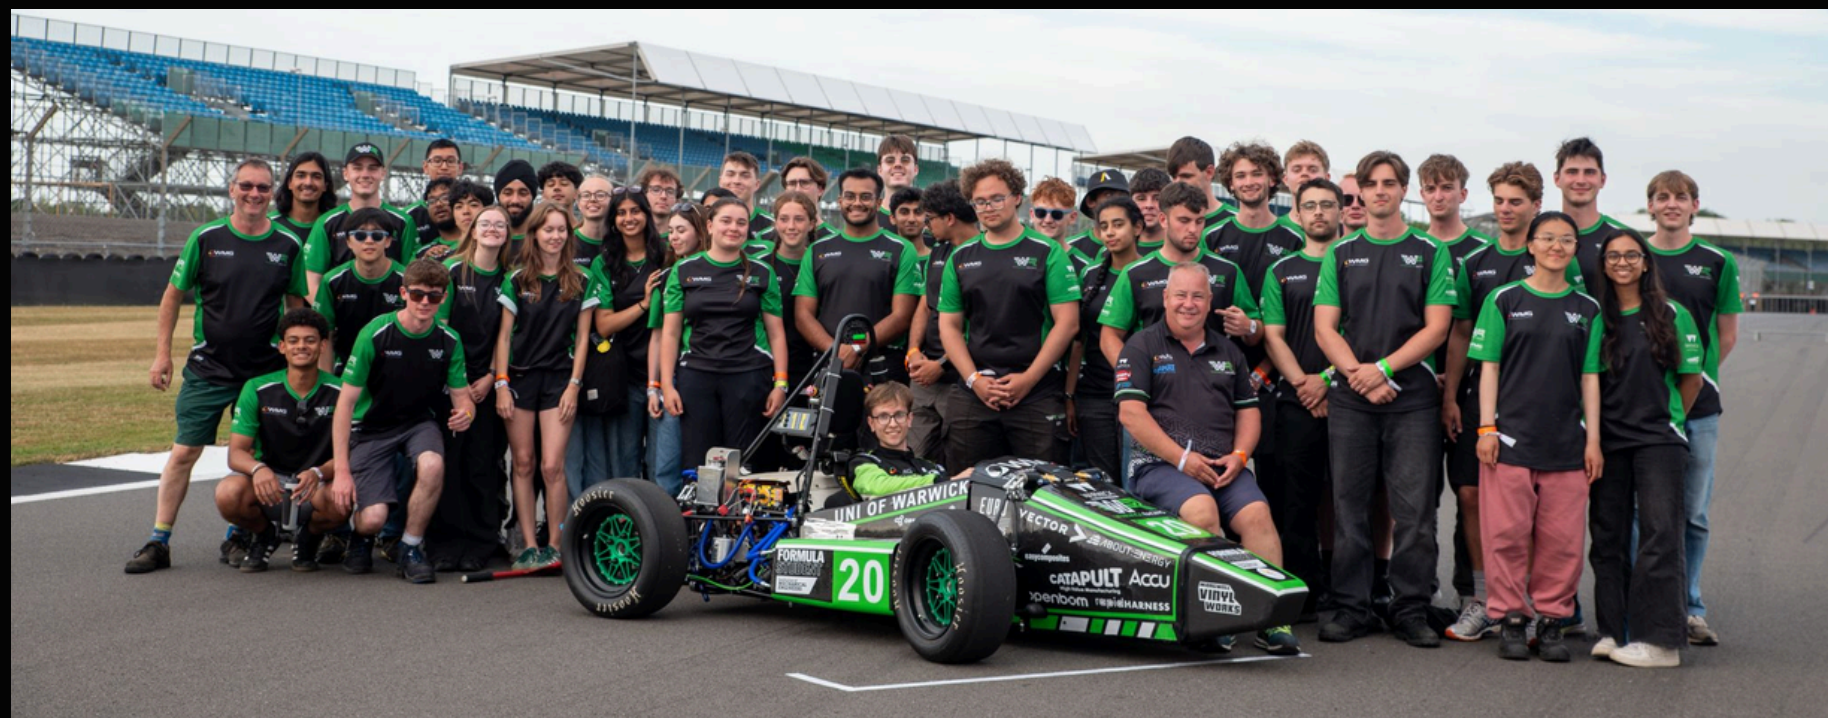

External Events

- Attend Advanced Engineering NEC Showcase annually
- Over 9000 attendees

FSUK 2025: Accelerating to the Top 15

WRe4 closed the season with a 15th-place overall finish at FSUK 2025. This marked a major milestone for the team, with an improvement of 102 points on FSUK 2024 and a record sprint time of 69.587 seconds.

Our Concept Class team secured the best result in Warwick Racing history, finishing 16th overall with 206.59 points. Our AI team brought home a top 20 finish, with a remarkable 256.4 points.
